Caregiver Appreciation Night

A NIGHT OUT

Everyone is welcome to attend this event for resource parents: foster, adoptive and relative caregivers. Caregiver Appreciation Night takes place twice a year, in May and November, to celebrate National Foster Care and Adoption Awareness Months. This is a great way to meet other caregivers and enjoy a fun night out. Dinner and activities are included. The event is for adults only. Children under 18 will not be admitted.

Child Care Bridge Program

Caregivers are encouraged to discuss their childcare plans or need for assistance with the child's placement or assigned social worker as early as possible.

CHILD CARE BRIDGE PROGRAM

The program is available to resource families and parents under the jurisdiction of juvenile court, including but not limited to, non-minor dependent parents who have their child placed with them.

Child Care Bridge payments will be provided up to six months or until the child is successfully enrolled in long-term, subsidized child care, whichever comes first. This program covers children ages 0 to 12. The child's placement social worker or assigned social worker will complete a child care referral form for caregivers who meet the eligibility criteria.

Education Travel Reimbursement

SCHOOL OF ORIGIN

Foster children have the right to remain in the school in which they were last enrolled for the duration of the involvement of the Juvenile Court. This promotes educational continuity and is in the best interest of the children, including non-minor dependents. Reimbursement is provided to resource parents for transporting foster children to their school of origin over three miles each way.

- If the child has an individualized education plan (IEP) that specifies the district will provide transportation to school, the child is not eligible for the reimbursement.
- Resource parents are expected to transport the children to school activities such as sports or social events, as well as attend any required school meetings or conferences.
- Reimbursement is on a monthly basis and the distance is calculated utilizing MapQuest.

The child's assigned social worker needs to submit a request for reimbursement (School of Origin Transportation Expense Form (F063-25-687)) to the assigned eligibility technician. Flat rates are paid based on the distance from the placement to the school of origin. Approved resource parents and licensed foster parents are eligible to receive the Education Travel Reimbursement (ETR). Please note, group homes are not eligible.

There are two rate types for ETR payment:

- Mileage rate (private automobile)
- Flat rate (public transportation)

Note: Reimbursement is per child, on a monthly basis and includes periods where the child is on summer break or off-track at a year-round school.
